

Circular

To
All UG, PG Students, Interns & Faculty Members,

As a continued effort to conduct Guest lectures, we have scheduled a lecture by the Research Scholar & Scientist **Dr. Rajah Vijay Kumar**. Recently, his device "The Cytotron" has been designated by the USFDA as a "breakthrough device" in the treatment of Cancer.

Topic : Emerging trends in "Tissue Engineering"

Speaker : Dr. Rajah Vijay Kumar

Time : 03 : 00 pm to 04 : 30 pm

Day & Date : Friday, 20th December 2019

Venue : Medical College, Auditorium

- Attendance in large numbers is expected.
- On call units should manage the OPDs and emergency.
- All emergency services will function as usual.

A handwritten signature in blue ink, appearing to read "Dr. Shahaji V. Deshmukh".
